

QUALITY POLICY

Univar Solutions is a global partner to our customers and suppliers for the value-added distribution of chemistry and related products and services. Our

Vision is to redefine distribution and be the most valued chemical and ingredient distributor on the planet.

To achieve this Univar Solutions leadership teams are committed to:

- Offering customers, the benefits of a vast network of suppliers, and suppliers, access to a vast network of customers
- Continuously improving our processes to provide the highest level of service and product quality
- Providing a full range of innovative services
- Applying a risk-based approach to achieve an effective and sustainable business model
- Establishing quality objectives to monitor and measure the effectiveness of our processes

Our objective is to achieve our mission statement of:

Innovate – Providing access to coveted insights and ingredients or leveraging the latest technologies to engagement

Grow - The businesses we serve, our employees, our shareholders, and our communities

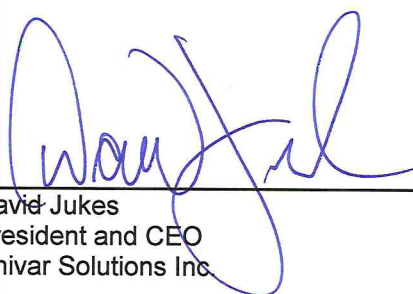

Streamline - Put in place consistent and repeatable processes across an effective and efficient operating network

Univar Solutions will ensure that all employees are engaged in the delivery of this policy and providing the resources needed to fulfil the policy objectives.

Moreover, because we are Univar Solutions we do everything safely with integrity and in compliance with our internal policies, customer requirements, and all applicable regulations.
