

June 3, 2021

Dear Valued Customer,

We are committed to keeping you informed of our integration activities and I am excited to share two important milestones in our journey that will take place on August 2.

- Nexeo Solutions Canada Corp. and Univar Canada Ltd. shall amalgamate to form Univar Solutions Canada Ltd.
- We are transitioning to our new Enterprise Resource Planning system, SAP

Our move to SAP will make it easier for you to do business with us. We will be able to offer you more digital features, such as 24/7 access to our full product catalog, online ordering, order and shipment tracking and document access, and much more.

To ensure a smooth transition, there are several important items in relation to this change that you should be aware of, which are outlined in the following chart. We want to do everything in our power to ensure minimal impact to you and your business.

In addition to this message, you will receive a follow-up approximately 30 days in advance of August 2. To the extent that creates any inconvenience for you, we apologize. Our hope is that multiple reminders will avoid any confusion, hassle, or disruption to what we hope is an otherwise seamless and productive relationship.

If you have any questions, please do not hesitate to contact your current Customer Service Representative or Sales Account Manager. Either can help answer questions and provide additional support.

Sincerely,

Jim Holcomb
SVP & President Chemical Distribution North America, Univar Solutions
