

## Wellness Veil 360°

# Sun Protection Spray SPF 30

We all know how important it is to protect our skin from too much sun, and here is the secret to jazzing up sun protection like never before. Spray and appreciate the see-through, smooth, light veil of protection embracing your skin. Sensual and luscious, it finely spreads and covers your body as a gentle caress. A truly unique experience awaits.

#### Methylal Pure Grade Desodorised: UV-

filter solubilizer at room temperature, very volatile acetal. Creates a fine spray that dries fast on skin. In addition, helps solubilize lipophilic ingredients and brings a refreshing, non-tacky sensation on skin.

EXCEPARL® LM-LC: vegetable origin emollient with excellent UV-filter solubilizing properties, cold processable. High spreadability and low oiliness. ECOCERT approved, mild and safe product.

HALLBRITE® BHB: sunscreen active solvent with a lower irritation potential, good carrier, emollient and moisturizer. SPF booster.

### Biochemica® Cocoa Butter Nat:

COSMOS approved natural butter obtained from the fruit of the cacao tree. Solid at room temperature, melts readily in contact with the skin.

AvoBrite®: cost-effective photostabilizer that quenches excited states of UVA organic filter faster than octocrylene. Also shows film-forming properties.

## Organic FFL Coconut Oil Virgin Crude:

stable oil with a long shelf-life thanks to its high saturated fat content. Readily absorbed into the skin, contains high levels of antioxidants. May help protect against free radical formation and consequent damages to the skin.

## Procedure (Cold Process)

- Slowly sprinkle ethylhexyl triazone into
   Methylal Pure Grade Desodorised. Mix
   until completely solubilized
- 2. Slowly add phase A2 to phase A1 while stirring, until a clear phase is obtained
- Slowly sprinkle butyl methoxydibenzoylmethane into Methylal Pure Grade Desodorised. Mix until completely solubilized
- 4. Add phase B to phase A while stirring
- 5. Add ingredients of phase C to phase AB in the order listed, while mixing to ensure uniformity between additions

## Stability

Stable at least 3 months at 4°C, RT and 40°C.

## **Comments**

- SPF measured in vitro: 38 with UVA labeling, broad spectrum protection.
   Test performed by our partner Hallstar.
- Application: Spray it all over your body. Make sure to reapply every 2 hours to keep protected from potential sun damage.
- Fluid yellow oil

Campaign: Awestruck | FR2418 5 | Issued by: Univar Solutions' EMEA BPC Laboratory in Versailles, France
