

Oil-in-Gel MakeUp Remover

When you massage this innovative gel cleanser onto your skin it transforms into a light-weight cleansing oil that leaves skin clean, soft, and perfectly balanced; never feeling dry or stripped. The gel texture is related to the oil thickening action of **Ethocel™ Standard 100 Premium**. In parallel, **Dow Corning® FZ-3196** helps to erase any traces of the days make-up. Argan oil restores the skin's natural moisture and pH balance. **Tsubaki oil** and **Apricot kernel oil** are also well-known for their skin moisturising properties. Finally, **Rosamox™** is a natural antioxidant derived from rosemary extract, and prevents oxidative degradation of fats and oils, which can lead to off appearance and odours.

 **UNIVAR®**
PERSONAL CARE

	Trade name	INCI name	Supplier	%
A	1 Kalcol® 200G	Octyldodecanol	Kao Chemicals Europe/Univar*	35.5

Procedure
<ol style="list-style-type: none"> Combine in the order ingredients of phase A under stirring at room temperature. Heat phase A at 85°C with stirring until completely dispersed. Cool down at 40°C phase A under stirring. Add in the order ingredients phase B into phase A

Stability
Stable at 3 months at room temperature and 40°C.

Comments
<ul style="list-style-type: none"> This oil-in-gel is gentle and soothing. It works fast to remove even the most adhering stains and pigmented shades. Put a little amount on your skin with your finger and let it sit for 30 seconds before removing with a wet wash cloth. It's easy to use and it does not require any rubbing or tugging to rid your lips of your favorite lacquer. Delicate jelly texture with attractive viscosity and colour
