

Cool It Down Body Mist

#READYORNOT it's workout time! This is the perfect refreshing, sweat control mist that can be sprayed all over your body before and during your intense workouts. It will impart a welcome fresh feeling on your skin and allow you to still look great even while you sweat. *#NOEXCUSES*

- › **EPITEX™66 Polymer:** ready-to-use water-based, film-forming polymer with good water and rub-off resistance. Gives long lasting benefits to the formula.
- › **CosWHITE™:** high purity pinkish-white clay, COSMOS approved, heavy metals quantity controlled. Excellent absorbing properties.
- › **Methylal pure grade desodorised:** very volatile acetal commonly used for fast drying and to obtain a finer mist. Brings a refreshing sensation on the skin and improves solubilization into water based solutions.

PERSONAL CARE

Trade name	INCI name	Function	Supplier	%
Phase A				
CosWHITE™	Montmorillonite	Absorbing agent	Argile du Velay / Univar*	1.5
	Water (Aqua)	Solvent	Univar*	Q.S: 33.05
	Alcohol	Solvent	Univar*	5.0
	Glycerin	Humectant	Univar*	1.5
EPITEX™ 66 Polymer	Acrylates Copolymer	Film former	Dow / Univar*	1.0
Refresh SY155891	Fragrance	Fragrance	Kao Fragrances / Univar*	0.45
Methylal pure grade desodorised	Methylal	Fast drying, sprayability	Lambiotte / Univar*	7.5
Phase B				
	Dimethyl Ether	Propellant	Lambiotte / Univar*	50.0

Procedure (Cold process)

1. Slowly add water in the CosWHITE™ and stir until the clay is homogeneously dispersed
2. Add to this blend other ingredients of phase A in the order listed while stirring until homogenous
3. Add phase B to phase A until homogenous

Stability

Stable at least 2 months at RT, 4°C and 40°C (still ongoing). Separation and sedimentation in the final formula is normal.

Comments

- pH = 7.65
- Application: Shake before use. Spray it all over your body and allow it to dry. Do not spread.
- Ivory fluid liquid.
