

A Night in Rio Bum Lift Bar

Univar
Solutions

Brazil inspired

Take your Brazilian coffee break to another level. This bum lift bar is perfectly shaped to massage and energize in all the right places. To stimulate, lift and firm your bum, the bar is enriched with coffee oil and butter. We added ingredients from the Brazilian Amazon such as refined tucuma butter, murumuru butter, and cupuaçu butter, as well as Kenyan avocado oil to ensure baby smooth results and butter soft skin. The ingredient blend was carefully chosen to offer a premium experience: the bar softly glides on the skin, melting to a light butter and is quickly absorbed. The best part is the coffee scent that will get you into gear at any time of day. #unforgettableexperience
