

3D Magnetized Granite Hand Scrub

This is not your average hand scrub. It's filled with the power of the earth...Try a new gesture, smooth on this 3D magnetized emulsion for ultra smooth skin and a playful approach. The sandy rocks exfoliate and remove all dead cells, while **Syntadex MOF FV**, a mineral-oil free vaseline, gives moisturization without tackiness, and **Inchol®** helps calm and restructure the skin.

This emulsion is thickened by **ACULYN™ 38 Polymer** that provides a nice creamy texture and neutralized by **AMP-ULTRA® PC 2000**, a specialty neutralizing agent that improves pH and color stability. The **EcoSmooth™ Delight** creates a pleasant sensory perception and cushion feel.
