

## Tender Winter UV Protecting Lip Balm

How many times a day do you apply lip balm? The average is from 2 to 30. Yeah, you read that right, so you better choose one with everything you need inside! First: UV protection. The **Vida-Care USB-50+** is an easy-to-use liquid UV-filters blend which provides a broad spectrum UV-A and UV-B protection. Second: barrier repair. **Honey LG** is an organic nourishing extract that will sooth and repair the lips. It acts in combination with mineral oil-free Vaseline **Syntadex® MOF SH**, which brings texture and creaminess as well as adherence. **Dow Corning® FZ-3196** improves the spreadability while having a moderate volatility. It also improves the gloss and intensity of the light peach color **27-SA-4548 Matte Peach Paste**. **Dow Corning® AMS-C30 Cosmetic Wax** provides structural integrity to the stick and adds extra moisturization, with a smooth and silky feel. Now all you need to do is APPLY liberally.

 **UNIVAR®**  
PERSONAL CARE

	Trade name	INCI name	Supplier	%
A	1 Candelilla Blanchie	Candelilla cera	Baerlocher / Univar*	12.0
	2 Dow Corning® AMS-C30 Cosmetic Wax	C30-C45 Alkyl Methicone (and) C30-C45 Olefin	Dow Corning / Univar*	4.0

#### Procedure (Hot process)

1. Combine and heat phase A to 75°C.
2. Add phase B to phase A while mixing
3. While mixing, cool down to 60-65°C
4. At 60-65°C, pour into lipbalm molds and then immediately cool finished pieces to 10°C.

#### Stability

Stable at least 1 month at room temperature and 40°C (still ongoing).

#### Comments

- Peach colored, smooth and nourishing lip balm with a broad spectrum UV-protection.
- Measured SPF: 30
