

## Triple Seed Dry Styling Oil

A very light, non-tacky and non-greasy dry oil that is great for daily styling. Curly hair? No problem! To keep your smooth curls under control, **Dow Corning® 3901 Liquid Satin Blend** improves their retention and definition, while imparting a luxurious silky touch. Straight hair? We've got you covered! **Xiameter® PMX-1502 Fluid** provides intense conditioning and ensures frizz control, and reduces split ends. Together, they provide brilliance and shine to your hair fibers, and in addition we've added natural **Coconut, Avocado** and **Moringa** oils for their multiple benefits. This slightly texturized dry oil can be worked with fingertips and applied throughout the hair or specifically to the tips.

#### Procedure (Warm process)

1. Weigh phase A and add it to main vessel
2. In a separate vessel, blend phase B until uniform
3. When completely clear, slowly add pre-mixed phase B to phase A and mix until uniform
4. Add phase C in order to the batch, mixing to ensure uniformity between additions
5. Warm phase D at 40°C and add to the batch
6. Add phase E and mix until uniform

#### Stability

Stable at least 1 month at room temperature, 4°C and 40°C (still ongoing).

#### Comments

- Application: Drop off some oil into the palm of your hand and work the texture with your fingertips. Apply throughout paying special attention to hair tips to bring them conditioning benefits.
- Slightly yellow textured clear oil
