

Dream Big – Night Cream

Get the natural healthy-looking complexion of your dreams! This dense creamy mask contains all the luscious nutritive oils needed to work wonders on your skin as you sleep. The natural oils present on this cream gives it this natural pistachio color and its hypnotizing herbal smell. Be amazed as this cream transforms into an oil to deeply moisturize and pamper your skin.

StarDesign™ Power

Combination of starches with emulsifying and thickening properties. Can be used alone to create emulsions with high oil content or with a co-emulsifier to stabilize fluid emulsions. 93% natural according to ISO 16128. Provides a characteristic sensoriality.

Actigum™ VSX 20

COSMOS approved and biodegradable combination of xanthan gum and sclerotium gum. Provides thickening, emulsion stabilizing and suspending properties with a smooth touch.

StarDesign™ 05340

Nature-derived starch with oil absorption and sensory enhancing properties. Brings softness to the formula while reducing greasiness. Biodegradable, part of the Waxy Corn Promise™ sustainability program.

Calophyllum Oil Green Crude (Organic)

Vegetable oil coming from kernels. Rich in tocopherols (antioxidants), known for its regenerative, tonifying, anti-inflammatory and purifying benefits. Brings emolliency and is suitable for dry skins.

BioEstolide™ 250

Emollient with excellent oxidative stability. Hydrates and softens the skin surface without leaving any oily residue on the skin. Biodegradable with a high bio-content and a natural origin index of 0.86 according to ISO 16128.

Biochemica® Matcha Green Tea Butter

Butter produced from finely ground green tea leaf powder. Skin protectant, dermal barrier function restoration, excellent moisturizing agent. Suitable for dry and damaged skin.

Water

Concentrated formula

Sustainability

Natural-derived and low environmental impact ingredients

PROCEDURE (WARM PROCESS)		STABILITY	GENERAL INFORMATION	
1	Preblend StarDesign™ Power and Actigum™ VSX 20 with Grapeseed Oil Deodorised (Organic)	Stable 3 months at 4°C, RT and 40°C.	Campaign	Revival
2	Add this preblend to the rest of the ingredients of phase A under high shear (Silverson/Ultra Turrax for 7min at 7,000rpm) until a homogeneous gel is obtained		Reference	FR0421 16
3	Combine ingredients of phase B under agitation	<div>COMMENTS</div> <ul style="list-style-type: none"><li>pH = 5.61</li><li>Viscosity (spindle 6; 10 rpm; 1min) = 58,000 cPs (58.0%)</li><li>Application: After cleansing, apply a small amount onto the face and neck and massage gently. Leave on overnight.</li><li>Thick shiny pistachio colored cream</li></ul>	Issued by	Univar Solutions EMEA BPC Laboratory in Versailles, France
4	Add phase B to phase A very slowly (Silverson/Ultra Turrax 5,000-6,000rpm)		Contact	personalcareEMEA@univarsolutions.com
5	Heat Biochemica® Matcha Green Tea Butter to 40-45°C in a separate vessel and once melted add StarDesign™ 05340 and mix until homogeneous			
6	Add phase C to phase AB (Silverson/Ultra Turrax 5,000-6,000rpm)			
7	Homogenize (Silverson/Ultra Turrax at 7,000rpm for 3min)
