Renaissance Artisanal Micellar Water

This is the new edition of micellar water! Responsible, effective and relaxing. Formulated with green, eco-friendly and very mild surfactants, this micellar water is extremely gentle on your skin and removes all traces of makeup and impurities. Enriched with lemon myrtle extract, its soft fragrance will help to relax you at any moment during the day.

Poly Suga® Mulse D9: PEG-free and **ECOCERT approved** surfactant, non-irritating for the eyes. Good fragrance and essential oil solubilizer.

EMANON® EV-E: glycerine-derived non-ionic surfactant, easy to use. Good affinity for oils making it perfect to remove makeup. **Biodegradable, vegetable-origin and environmentally friendly.**

Lemon Myrtle Hydrosol: contains molecules of the essential oil, as well as water-soluble elements of the plant. Safe, gentle and a less expensive alternative to the essential oil. **100% natural.**

Stabil: alternative preservative ingredient. Provides multiple benefits as broad-spectrum antimicrobial protection, emollient and skin feel enhancer.

Green Day SY156347: fragrance with floral, green, musky, leafy notes. Matches very well with the Lemon Myrtle Hydrosol.

Trade name	INCI name	Function	Supplier	%
Phase A				
	Water (Aqua)	Solvent	Univar*	Q.S: 91.75
EMANON® EV-E	Glycereth-7 Caprylate/ Caprate	Surfactant, naturally-derived	Kao Chemicals Europe / Univar*	1.0
Phase B				
Poly Suga® Mulse D9	Sorbitan Oleate Decylglucoside Crosspolymer	Surfactant, ECOCERT approved	Colonial / Univar*	1.0
Green Day SY156347	Fragrance	Fragrance	Kao Fragrances / Univar*	0.3
Phase C				
Lemon Myrtle Hydrosol	<i>Backhousia citriodora</i> (Lemon Myrtle) Leaf Water	Active, 100% natural	Down Under / Univar*	5.0
Stabil	Phenethyl Alcohol, Caprylyl Glycol	Alternative preservative	Akema / Univar*	0.8
Phase D				
Piece of Jasmine	<i>Jasminum officinale</i> Flower	Decorative flowers, 100% natural	Lessonia	0.15

Procedure (Cold process)

1. In the main vessel, add water and **EMANON® EV-E**. Mix until homogenous
2. Premix **Poly Suga® Mulse D9** and fragrance together and add into the main vessel. Mix well until homogenous and clear
3. Add the rest of the ingredients in order
4. Add pieces of jasmine

Stability

Stable at least 2 months at RT, 4°C and 40°C (still ongoing).

Comments

- pH = 5.0
- Challenge test successfully completed.
- Application: Put a few drops on a cotton pad and gently cleanse your face. Use it to easily remove make-up or as an alternative on the go facial cleanser.
- Transparent, liquid micellar water with flower petals and light fresh smell.
