## Glass Cleaner and Water Repellent

See the road ahead clearly in any weather with this glass cleaner and water repellent. Water beading technology repels rain and helps prevent sleet, snow, ice, bugs and road spray from sticking to glass.

**XIAMETER™ PMX-200 10 cSt**  
100% active, 10 cSt,  
polydimethylsiloxane polymer for  
water repellency and beading.

**Accoquat® CS 4000**  
Unique blend of cationic  
emulsifiers for micro-  
emulsification of mineral seal  
oils and other organic oil soluble  
materials. Rapid car surface  
drying via a blend of sheeting  
and beading.

**Miranol JEM**  
Low foam surfactant with good  
coupling properties, improves  
wetting, and water sheeting.
