

## Silky skin moisturizer

Replenish your skin's smoothness with an in-shower moisturizer. The dough melts into your skin as you rub it in, leaving your skin soft to the touch.

**Dow, DOWSIL™**  
EP-9801 Hydro Cosmetic  
Powder

Water-loving silicone elastomer provides velvet smoothness on revitalized skin.

**Elevance, Elevance Soft**  
CG-200

Natural alternative to petrolatum based on coconut oil.

**Dow, XIAMETER™** OFX-0193  
Fluid

Silicone-based wetting agent, plasticizer, and foam enhancer.

Univar offers this suggested formulation as a representative formulation only. See the back cover or <https://trends.univarsolutions.com/awestruck> for important cautions.

## Silky skin moisturizer

Supplier Ingredient	INCI	WT%
<b>PHASE A</b>
