

Your next delicious idea starts here.

Create your next innovation with help from your food ingredient solutions specialists. We have dedicated sellers who know your market and understand your needs, backed by global resources delivering technical guidance and recipe development assistance. At Univar Solutions, we've developed a robust portfolio of the ingredients you need to ensure your products continue to meet consumer demands. For any product you may be formulating, from a gluten-free baked snack to a sugar-free beverage, our team is ready to help you formulate new recipes and revisit existing ones to ensure they're always on trend. And when you're ready to go to market, we're still here to help with recommendations on sourcing and distribution strategies.

Our Application Development team would be happy to share more details and help you tailor our recipes to your specific needs.
