

Organic Product Guide

Organic Ingredients for Food, Beverage, and Nutraceutical Applications

As consumers look to proactively manage their well-being with healthy food and lifestyle choices, the natural, organic, and functional market continues to grow. The demand for organic health and wellness products is increasing rapidly and companies that can proactively adapt to this change are likely to create and maintain a strong market positioning. Univar Solutions functional organic ingredients for food, beverage, and nutraceutical applications will help you feed the growing consumer demand and provide a long-lasting competitive advantage with a sustainable supply chain. With our organic portfolio and market intelligence, our experts are ready to help you with end-to-end solutions.
